# Welcome to Nova Class

SILVER RAY AND SILVER NOVA WORLDWIDE VOYAGES 2024/26

# Designed by light, created for discovery

*Our Nova-class ships lead the way for ultra-luxury travel*

Like *Silver Nova* that launched in April 2023, our second Nova-class ship, *Silver Ray*, has become a guiding light for the future of ultra-luxury travel reflecting Silversea's vision to connect you more closely with the authentic beauty of our world. Both of these class-leading new vessels have already become icons of innovation, elegance and immersion, thanks to their revolutionary architecture which is inspiringly designed to bring the colour and character of each place you visit inside. Glorious outdoor spaces and glassy interiors celebrate openness and

light, transforming the way you travel. As you gaze through the floor-to-ceiling 270° panoramic windows, wander across the wide-open decks, or step into a transparent elevator as you float up to another level, you'll feel the space between you and the outside world simply melt away – at times, you might sometimes forget you're on a ship at all. More than a means of travel, our Nova-class ships are a destination for discovery in themselves. You'll explore the flavours and wonders of each region you visit even before you step ashore.

Welcome to a new way of seeing, of travelling, of experiencing

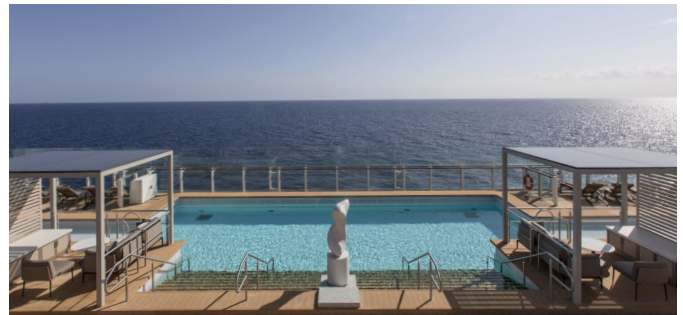

# Experience the Nova way to travel

THEY'RE NOT JUST NEW SHIPS. THEY'RE AN ALL-NEW POINT OF VIEW.

Our Nova-class ships are new in so many ways. As well as offering a more immersive perspective on your destination thanks to their openness by design, they have a new approach to sustainability that respects the environment, and new levels of luxury.

## OPEN UP YOUR SENSES TO THE WORLD

It's one thing to be told *Silver Ray* and *Silver Nova's* pioneering architecture prizes light and openness over symmetry, revealing views of your destination all around. It's quite another thing to actually experience that for yourself. Whether you're stepping out onto the teak veranda of your suite, stepping into one of our signature venues, or out onto the wide-open deck (perhaps taking a dip in our infinity pool, looking over the water from the water), you'll know there's nothing else like it.

## GO ON A UNIQUE CULINARY JOURNEY

Both Nova-class ships invite you to take a deep dive into the cultures you'll encounter through the lens of their food. S.A.L.T. (Sea And Land Taste) is our innovative culinary programme that features regionally-inspired recipes. From restaurant menus that change with each place you visit to interactive onboard experiences for recreating your favourite local dishes, we bring the flavours of your destination right to your table. In the mood for gourmet French or Italian cuisine? Step this way.

## WHERE LUXURY KNOWS NO LIMITS

Experience a new dimension of luxury, with more of everything you love. Nova-class embodies our vision for the future, redefining the essence of immersive luxury through unparalleled experiences, onboard and ashore. Be spoilt for choice with our selection of fine dining and signature lounge venues that connect you to your fellow travellers like never before – and enjoy a series of indulgent experiences throughout your voyage. All with the most personalised service that anticipates your every need.

## WE TAKE CARE OF YOU, AND THE ENVIRONMENT

Nova-class also introduces a new way of looking at the way our ships travel. Thanks to their state-of-the-art technologies, *Silver Nova* and *Silver Ray* are among the most sustainable luxury vessels ever built: a true reflection of our deep commitment to the oceans, the environment and the communities we find at each of our incredible destinations. The ships incorporate advanced systems that help reduce onboard waste. And their hull is designed to increase dynamic efficiency while minimising fuel consumption, leading to a lower carbon footprint.
